QUICKSILVER

ATV Camouflage Camper

Perfect for Outdoor Enthusiasts and Hunters!

NO LIMITS

Introducing the **QUICKSILVER ATV Camouflage Camper**, a new ultra-lightweight camper designed to be pulled by today's popular ATVs and constructed of sturdy aluminum and composites. You'll be amazed at how spacious the tent is in this camper, getting you up and off the ground when camping. You'll appreciate the nice roomy bed area, as

well as a spacious lounge area for eating, playing cards, or just keeping out of the rain. There's a 12V electrical system with an overhead fan/light, as well as an outlet to power a TV or Radio; charge a laptop computer; power an air-mattress pump and more! When in travel mode, the rack on top offers exceptional storage space, while a cooler rack allows you to take your favorite beverages while keeping your sandwiches cold. Black powder coated accents and diamond plate trim compliment the camo exterior.
